B. J. KENDALL & Co.—Gents:—I wish to add
my testimony in favor of your invaluable limiment, "Kendall's Stavin Cure." In the spring of
1862 I shoped on the its and sprained my right
limb at the knee joint. I was very lame, and, at
times, suffered the most electrostating pain. I times, suffered the most encruciating pain. I were a bandage on it for over a year, and tried most everything in my reach, but could find notifiting that would give me permanent relief. When I exercised, it would pain me very much. In April, 1878, I becan to think I should be a cripple for life; but, having some of "Kendalle Sparm Core," thought I would try it. I used one-thind of a bottle, and experienced relief at once. The pain left me and has not troubled me since. I feel very grateful to you, and would recommend "Kandalle Spavin Cure" to all who suffer with sprains or rhoumatism. to all who suffer with sprains or rhoumatism.
